

## Be Kind - Unwind

The purpose of life is enjoying the passing of time. When you do what you truly love for a living, your career relaxes your mind and body.

People typically wind themselves up to fulfill their obligations. When you are wound up, you are wounded. Habitual tasking freezes the muscles and tendons, gripping the body and mind in painful double binds.

The brilliant light and warm sunshine of Ibiza brings relief by opening your senses. Life studies at Sage open your senses so you can fully experience all that life can be. Make your holidays really count by joining us on Ibiza this summer. Release pressure and increase pleasure with us in the loveliest setting on earth.

## The Mating Game (July 04.-09.)

Relationship is good. But it pales next to partnership. Mia Sage has surrendered to the hidden force that forms the core of partnership. Her formulas will change your life by connecting you to the love of your life.

By far the most important choices you will ever make is who you decide to spend your life with. The most valuable discipline you will ever master is the ability to live in harmony with the ones who love you.

Life is an essential game. Partnership forms the playing field and brings together individuals who have transcended their animal nature. They are reborn as one transcendent human being—one love that is infinite and eternal. Loving mothers know these sensations, which peak at the birth of their children. The way is also open to men who give their lives for the benefit of others. You can find your own way by attending this class online or here with us on Ibiza.

Love is a mystery. But partnership is an art based on science. Partners are part-of each other. Their love goes beyond constructs such as fear and courage. If you are ready to make the right choice, or to master the discipline of harmonizing with a mate, join us for this celebration of love.

## Human Dynamics 5 Weekend Intensive

If you work with people you need to understand the dynamics of individuals, teams, organizations, and families. Leaders, consultants, trainers, coaches, and sales people build their careers on how well they understand the governing dynamics of human systems.

Human Dynamics is an in-depth study of human nature. We will gather online to explore systems dynamics, game theory, and patterns of communication—the hidden forces that determine the quality of our lives.

This is a doctoral level course, so you must apply via e-mail or Skype. Plenty of consultants know business. Only the finest know families and teams. If you are seriously curious, contact us for details.

## Mei Hillhouse

If you are very fortunate in this life you will meet a great soul whose love and laughter will fill your days with great joy. Shang-Mei Hillhouse was such a person. Her joyfulness changed the lives of everyone she met. She loved and laughed with such abandon that we had to construct a double “blast door” to hold the sound in the Octagon so as not to disturb our neighbors.

Mei passed from her body on May 1<sup>st</sup>—May Day, of course. She lives on in the love we carry in our hearts and the memories of the wonderful times we shared.

Our hearts are filled with that special warm sadness. We miss her dearly, and at the same time we feel her living on through the sweetness and deep respect she brought to all of us.

## Partnership

(July 22.-23. – Santa Monica)

Imagine transforming your personal and professional partnerships in 2 fun-filled days. Join us to discover how the game of partnership is evolving in our time. Partnership is a brief, inexpensive weekend that will lift your partnerships into a whole new dimension. Come for the fun. Come to learn. And come to design the life that suits your sweet loving nature.

## Live Your Dream (Aug. 01.-06. – Ibiza)

Your life is a beautiful dream. You have the potential to live any adventure you can imagine. Following your curiosity and your aliveness gives you the power to transform your life into the legend you have always wanted to live.

Every day you see worrying images on your mental screen that you mistake for reality. It is easy to get attached to your self-image and to the roles that society has chosen for you, and to spend your days just talking about life instead of living it. But your true nature is much more than your thoughts and actions. In the movie of your life you are the projector. You cast the meaning and substance onto the field of perceptions.

Live Your Dream is six days of celebration and training designed to restore the curiosity we all enjoyed as children. As your mind clears and your heart opens you recall your natural vitality. You begin to immerse yourself in sensations of aliveness that bring a vivid quality to your experience.

## Selling them Softly (Sept. 04.-07. Online)

Selling them Softly is 4 exciting days of rehearsal in the art of winning friends and attracting loyal, enthusiastic fans. When people feel your love and respect they naturally refer their friends and families to you.

Soft selling attracts. Hard selling repels. People no longer respond to canned pitches or closing tricks. They are looking for people they can trust.

In this online 4-day interactive session you have the chance to develop new strategies through role-play, observation and uplifting feedback. You learn to sell by falling down and having fun with friends. Likewise, you master high quality selling by making mistakes with classmates who offer friendship along with the feedback you need to excel.

## Forever Young (October 21.-30. Ibiza)

Your eternal face is a youthful 33 years old. It was there when you were born, and it is there now behind the masks that layered like the rings of a tree with each transit around the sun. You can find it with movement, touch, and special forms of feedback designed to shed the roles you play and the facades you have worn throughout your life.

Forever Young is a 5 star spa experience on the beautiful island of Ibiza in which you explore patterns of rest and muscular release by following impulses of physical pleasure. The Mediterranean lifestyle can add years to your life and life to your years. Join us to enjoy this simple, easy path to corporal freedom.

### Participating at Your Own Pace

When a particular pattern doesn't fit, you are welcome to observe or to create your own form of participation. Within a couple of weeks you will recall how to listen to the wisdom of your body and to live life on your own terms.

True fitness does not come from repetitions that pump up individual muscles. Body builders admire the look of muscular definition they achieve by isolating and ripping muscle tissue. But resistance training tends to build up psychological resistance that can make exercise painful and boring.

You can make fitness sessions the most restful, exciting time of your day. Instead of doing things right, you quickly learn to do the right thing for you. No more workouts. Rehearse, instead, on developing an appetite for playful movement.

Genuine fitness is a natural integration of circulation, skin, fascia, tendons, muscles, and bones in coherent, flowing patterns. Tiny movements of the ankles, spine, and rib cage, for example, create visible changes in the face. Soft movement soothes aches and pains, transforming uncomfortable feelings into pleasurable sensations. Slow, methodical movements restore rhythm to the parasympathetic nervous system and evoke rhyme in the sounds that resonate from the body.

No two individuals like the same patterns of movements. If you enjoy restful reclining, then that is a part of your unique puzzle. If you enjoy flowing movements or dance, then you add those activities to your shopping cart. For those who enjoy machines, you can alternate between moving the equipment and allowing the equipment to move you. As your hydraulic circulation begins to pulse, your muscles engorge to give you pleasant, organic waves of sensation.
